1. Offerors should note that SubFactor C Small Business Participation is hereby revised. The existing language immediately below is deleted.

“Sub Factor C Small Business Participation

Notwithstanding any Comprehensive Small Business Subcontracting Plan which has been approved by the Government pursuant to DFARS 219.7, the offeror shall submit with its proposal a Subcontracting Plan specific to the proposed contract. Such Subcontracting Plan shall cover the entire term of the proposed contract, and shall include at a minimum, but not be limited to, the eleven (11) elements listed in FAR clause 52.219-9, Small Business Subcontracting Plan, para. (d). The rating shall be made IAW the offeror’s compliance with the aforementioned eleven (11) elements.”

In place of the above now-deleted language, the following text is hereby inserted--

“Sub Factor C Small Business Participation

Under this solicitation, submission of a Comprehensive Small Business Subcontracting Plan which has been approved by the US Government pursuant to DFARS 219.7 is permitted. An offeror submitting such a plan shall submit clear evidence that such plan has appropriate and current US Government approval.

The Sub Factor C evaluation of any small business subcontracting plan under this solicitation shall include, pursuant to DFARS 215.304 “Evaluation factors and significant subfactors,” review of the extent of participation, in the performance of the contract to be awarded here, of small businesses, to include service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns. Such review of the extent of such participation will utilize, as sub-elements within Sub Factor C, evaluation factors (1), (2), and (6) within PGI 215.304. These are (1) the extent to which such firms are specifically identified in proposals; (2) the extent of commitment to use such firms (for example, enforceable commitments are to be weighted more heavily than non-enforceable ones); and (6) the extent of participation of such firms in terms of the value of the total acquisition.

Offerors are, accordingly, to present in their proposals information relevant to such review, including if/how the work on the contract to be awarded is work that offers subcontracting possibilities.”

NOTE: Offerors are advised that their obligation to submit a subcontracting plan, e.g., under FAR 52.219-9 “Small Business Subcontracting Plan,” is a stand-alone obligation. Reference (in the new Sub Factor C language above) to the permissibility of complying by submitting an appropriate/current Comprehensive Small Business Subcontracting Plan should not be read to imply that submission of a subcontracting plan is in any way discretionary.

2. Under Section L, Part 1, Technical Proposal, the number of pages for the technical proposal shall not exceed 45 pages instead of 40 pages, as it currently appears in the solicitation.
